Hello all, we are scheduled for a site briefing for Sam and Pam on Falcon for Wednesday May 11th at 2 pm. We should meet the afternoon of Monday May 9th or morning of May 10th. I have a RACs II RI/FS SOW ready to provide to our contracting staff for implementation. We only need to discuss internally whether we need to sample for the Superior spill.

Do we have the 500k from the letter of credit to begin the contracting process, have we perfected a lien on the property?
